Canadian Medical Association (CMA)

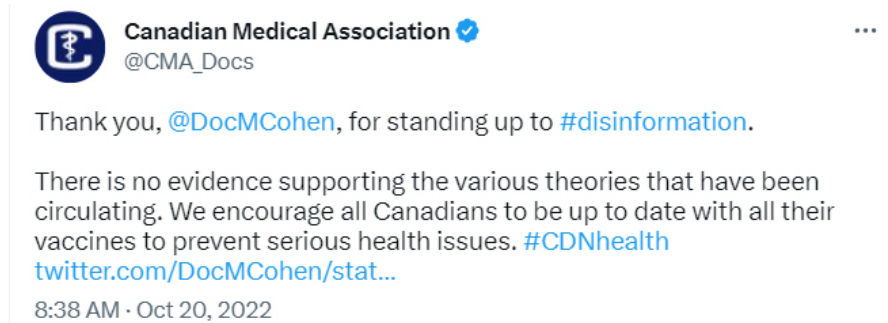

1410 Blair Towers Place, Suite 500

Ottawa, ON, K1J 9B9

Dear CMA Presidents **Dr. Alike Lafontaine** (2022-23) and **Dr. Katharine Smart** (2021-22)

**Re: Sudden deaths of 180 young Canadian doctors since rollout of COVID-19 vaccines**

I wrote three letters, dated Sep.3, 2022 and Oct.15, 2022, Feb.18, 2023 alerting you to the rise in sudden and unexpected deaths of young Canadian doctors since the rollout of COVID-19 vaccines. To date, I have not received a response from anyone at CMA. On twitter, CMA addressed these sudden deaths as “disinformation” and you encouraged Ontario family physician Dr.Michelle Cohen to suppress this serious safety signal. You all did so, in clear violation of medical ethics and your Hippocratic Oath.

I am now providing you with an update and information about **180 Canadian doctors who died suddenly or unexpectedly since the rollout of COVID-19 vaccines.**

Canadian physician excess mortality is 54% in 2022 compared to 2019, which is heavily skewed towards younger doctors, with doctors under age 30 dying at +1100% increased rate in 2022 vs 2019.

The CMA and its entire leadership have known about these serious safety signals involving COVID-19 mRNA vaccines and vaccine mandates in healthcare in Canada since Sep.3, 2022 and you have made a deliberate decision to ignore them. You are legally liable for that grossly unethical decision.

I implore you again to remember your Hippocratic Oath and your own *CMA Code of Ethics*, and call for an immediate halt to all COVID-19 vaccine mandates in Canadian healthcare.

Please find attached a letter for CMA Presidents Dr.Alika Lafontaine and Dr.Katharine Smart, dated August 13, 2023, regarding the "sudden deaths" of 180 young Canadian doctors since the rollout of the COVID-19 Vaccines and vaccine mandates. This is my 4th letter to the CMA, informing you about these sudden deaths. To date, I have not received any response.

This is a legal record, documenting that you had full knowledge of the sudden deaths of your own Canadian physician members, and failed or refused to take any action in response.

Thank you,

Dr.William Makis MD, FRCPC
