Hello Mr. Lavery,

I am employed at the Penticton Office of TCS as a Community Support Worker. I am requesting an accommodation with regard to the newly implemented vaccine policy. My strongly and conscientiously held political beliefs prevent me from being vaccinated with the COVID 19 vaccine in response to your mandatory vaccination policy announcement. My beliefs align with the principles of the BC Libertarian Party and under the BC Human Rights Code, this is protected grounds against discrimination. As a member in good standing with the BC Libertarian Party, I have a letter of support for accommodation on the grounds of political belief from Party Leader, Keith MacIntyre. Please see the attached letter and advise if more information is required.

Thank you,

Amie Harbor
