

Hi Amanda,

I have read your rebuttal and I am quite concerned about some of the statements made around bullying and harassing behavior from your supervisor, Darrel. AS you can appreciate these kinds of instances take time to look into and I need to ensure that all parties involved are meeting the requirements of respectful workplace. For this reason I feel that it is best that you transfer to another home. This may or may not change depending on the outcome of my inquires. I realize that this is a change for you and will offer you a choice of which home you would like to transfer to. Please let me know by Monday September 13, 2021 as I understand your first shift will be on Tuesday.

Thanks

Lesley Gosselin
